A GOOD LETTER

From One of Wolfe County's Boys of the Philippine Islands.

SAN LUIS, P. I., Nov. 26, 1899.
EDITOR HERALD,
Hazel Green, Ky.

SIR:—I will now give you the record of events, engagements, number of men killed and wounded, discharged, list of officers of my regiment, thus far in the Philippine insurrection: 99 of Co. D, 22nd infantry left Fort Crook, Nebraska, January 27, 1899, sailed from San Francisco, Cal., February 1st, arrived at Honolulu on the 9th, sailed from there on the 13th, arrived at Manila, P. I., March 4th. Total distance traveled by rail, 2,080 miles; total distance I traveled by sea, 6,025 knots. Made an advance on Pasig, P. Col. Harry C. Egbert, brigadier general U. S. V., killed March 26th at Malinta Hill; private Wesley J. Hensley, killed March 18th at Pasig, P. I., private Ira W. Cox, killed August 12th at San Luis. Total killed up to date, 3; wounded 9, discharged 5.

Officers—Captain B. C. Lockwood, promoted Major 21st Infantry; Captain, G. J. Godfrey; 1st Lieut. Isaac Newell, 2nd Lieut. H. R. Campbell, promoted 1st Lieut. 8th Infantry; Col. J. M. French, Lieut. Col. H. H. Munphy.

Guns, etc.—Krag Jor Genson, magazine rifle, caliber 30. Data, caliber three-tenths of an inch, bayonet, length about 11 1/4 inches, length of rifle 49 in., length of rifle and bayonet 61 in., groves No. 4, lands No. 4. Twist, one turn in 10 inches; groves, depths four thousandths of an inch. Weight of bayonet 1 pound, rifle without bayonet 9 1/2 pounds, trigger pull 4 1/2 to 6 pounds, extreme range 4,000 yards, dangerous space, infantry, 547 yards; initial velocity, 2,000 ft. per second; weight of bullet 220 grains, powder 35 grains, 100 cartridges 61-5 pounds; kind of powder, smokeless; bullet made of 12 1/2 parts lead and part tin; jacket made of cupro nickel steel, shell made of brass.

The Philippine Islands is the richest territory in all Asia, what they need is development, and the era of development is near. They produce the greatest variety of staples of any other country in the Orient, and I predict a gigantic trade in coffee, spices, tobacco, hemp, sugar, rice, copper and valuable woods. Then there is to be considered the vast amount of American products that will find a market in the Philippines. A few of them are machinery, locomotives, cotton goods, electric supplies, boots and shoes, flour and bread stuffs; and manufactured articles almost without number. There are 27 Kentucky boys in my company. I hear from Joe Cox, Ned Frisby, C. B. Lykins and others frequently. They are all well. I am proud that I joined the regulars, have never been sick since I enlisted. The war will soon be

over. I suppose the sun still shines in my old Kentucky home.

Respectfully,
GEO. L. ATHY,
Co. D, 22nd U. S. Infantry.

Judge Ed. C. O'Rear.

Judge Ed. C. O'Rear, who on January 1st retired from the office of County Judge of Montgomery county, Judge O'Rear was the first and only Republican ever elected to this office in this county, and because of this fact, and the manner in which he discharged the duties of the office, The Gazette takes occasion to publish the following facts:

Ed. C. O'Rear was born about 35 years ago near Camargo, in this county, of poor but highly respected parents. He attended the county school until his family moved to town, when it became necessary for him, even though just a boy, to go to work to aid his widowed mother in securing maintenance and to procure school advantages for his sisters. He first sold papers on the streets of this city, and later sold papers on the train between here and Lexington. When still quite young he entered the old Sentinel office, and was there a fellow worker of the Editor of this paper. He went from the Sentinel office to work on the Mountain Scorch, edited and published by the late Col. John T. Hazelrigg, at West Liberty. While there he read law during his leisure hours and at the age of 19 years was by special act of the Legislature admitted to the bar. In 1882 he married Virginia Lee, daughter of Col. Hazelrigg, and now has six bright, happy, healthy children.

In 1886 he moved to this city, where his rise has been rapid, but of a sure and substantial growth. He has the largest practice of any lawyer in Eastern Kentucky and is in close touch and sympathy with the people of this section, by whom he is most highly esteemed. His devotion to his wife, children, mother and sisters is beautiful, and he is intensely loyal to his friends under any and all circumstances. He has an elegant home in this city, where he dispenses lavish hospitality. He is a fine lawyer, an eloquent speaker, a successful business man and an enterprising public spirited citizen. As an illustration of his force and sagacity we will relate one incident. In 1893 when the panic was at its height, and strong institutions were every day going to the wall for lack of a strong, vigorous, hopeful management, the Traders Deposit Bank, of this city, of which he was Vice President, closed its doors. Judge O'Rear was away at the time, but he at once hurried home and as a result of his courage, nerve and judgment its doors were soon opened and this strong and helpful institution was saved to us. In 1894 he was prevailed upon by his friends to accept the Republican nomination for County Judge, which he reluctantly did, and after a hard fight, with 250 majority against him to start on, defeated one of the best and most popular Democrats in the county. On the bench he was just, fair and dignified, and during his administration the business affairs were transacted in a masterly manner, saving much to the taxpayers of the county. He dealt with the turnpike question

in a manner that saved us not only destruction of property, but won for us the applause and esteem of our neighbors, who were less fortunate in respect to county judges. During his administration the debt of the county was greatly reduced and at the same time the county levy was materially lessened. He was urged by many of our people, regardless of party affiliation to become a candidate for reelection, but this was a greater sacrifice than the people really had a right to require of him. He has entered upon what promises to be a long career of great and broad usefulness and we are greatly mistaken if in the near future he is not called to a higher sphere of service than he has yet filled.—Mt. Sterling Gazette.

Killing at Frankfort.

Col. David G. Colson, of Middlesboro, shot and killed Lieut. Ethelbert D. Scott, of Somerset, and Luther Demaree, of Shelbyville, in the Capital Hotel at half past twelve Tuesday. Harry McEwen, of Louisville, and Charles Julin, of Frankfort, were badly wounded by stray shots. Scott, who was under the influence of liquor, began to upbraid Colson and the two men clinched. Bystanders rushed in to separate them, when Colson drew a revolver and began to fire. Colson was wounded in the arm. The killing was the result of a renewal of a feud between them while in the army last year.

Mr. Hemingway, the Secretary of the Jersey Cattle Club, says that "Biggie Cow Book, is a most comprehensive little volume—one of the best thing on the cow question I have ever looked into." Mr. Hemingway ought to know. Biggie Cow Book is advertised in this week's issue of THE HERALD. The price of each is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

+ANNOUNCEMENTS.+

State and district announcements, \$10.00 each; county announcements, \$5.00. No announcement made until the fee is paid.

For Judge Court of Appeals.

To the Republicans of the Seventh Appellate District of Kentucky: I am a candidate for Judge of the Court of Appeals from this District, subject to your action. Election November, 1900. Respectfully,
ED. C. O'REAR.

For Congress—Tenth District.

STAMPER—We are authorized to announce A. HOWARD STAMPER, of Campton, Wolfe county, as a candidate for Congress, subject to the action of the Democratic party.

For County Judge.

CONGLETON—We are authorized to announce J. W. CONGLETON as a candidate for the office of County Judge of Wolfe county, subject to the action of the Democratic party.

COMBS—We are authorized to announce A. T. COMBS as a candidate for the office of County Judge of Wolfe county, subject to the action of the Democratic party.

For Sheriff.

LINDEN—We are authorized to announce DAVID LINDEN as a candidate for the office of Sheriff of Wolfe county, subject to the action of the Democratic party.

For County Attorney.

FULKS—We are authorized to announce C. C. FULKS as a candidate for County Attorney of Wolfe county, subject to the action of the Democratic party.

Our young friend C. C. Fulks is a candidate for county attorney of Wolfe county, subject to the action of the Democratic party, and no young man in the county, or old one for that matter, embodies to such a high degree the requisite essentials or emblazons a brighter escutcheon than he. He is about 24 years of age. He began teaching school at the age of 15, and taught seven terms, meanwhile studying law, which idea he embraced at the age of 20. So diligent was he in the pursuit of legal lore and so proficient had he become in mastering its principles that at the age of 23 he was admitted to the bar and began its practice. He bought his education with the sweat of his brow, maintaining himself by working nights and mornings while attending school. At the age of 20 he was married to Miss Lillie Tutt, daughter of Judge S. M. Tutt. Mr. Fulks has always been a loyal Democrat and in every fight made by the party he has been found in the front ranks battling for the success of its banner. He is a fluent speaker and versatile writer, and with both voice and pen he has perhaps done more than any young man of his age in the county for the success of the Democratic party. He is a total abstainer from the use of intoxicants, which is a desideratum devoutly to be wished in all officials. He is a friend to education, good morals and society, and never betrayed a friend or cringed before a foe. Such is a pen picture of C. C. Fulks, and the picture is not overdrawn. He asks for the nomination for this office and comes before you without a spot upon his political or private record, and we believe the Democratic party would honor itself by honoring him with the nomination. In the belief that his claims will have due consideration by Democratic constituents, we commit him to their keeping, and anon will have more to say.

The principal subject of interest to Republicans now-a-days is the identity of Gage's successor.

JUDGE ED. C. O'REAR is announced in this issue of our paper as a candidate for the nomination for Judge of the Court of Appeals, subject to the action of the Republican party. In this connection we reproduce an article from the Mt. Sterling Gazette, in the which is a biographical sketch of this popular young Republican leader, and we commend it to the careful consideration of our readers, be they Republican or Democrat.

INCIDENTALLY we hear that John D. Rose, Jr., will probably be a candidate for county judge. With his experience as magistrate he is or ought to be well equipped for the office of county judge, and if he enters the lists for the nomination he will doubtless command a considerable contingency. Should he conclude to do so, however, he will announce through THE HERALD, and then we will have more to say.

THE Wanamaker machine in Philadelphia has been beaten at the polls by the Quay machine. This really makes little difference to the country at large. Both machines are much of a muchness.

THE Kentucky legislature has elected "Joe" Blackburn to the United States senate to succeed Hon. Wm. Lindsay.

EDITORIAL BRIEFS.

The nineteenth century bids fair to be "ciphered out."

How much longer will the administration stand behind Mr. Gage?

Senator Beveridge's speech was eloquent, but after all it was a mere highwayman's plea.

The bubonic plague has broken out in Hawaii and Luzon. That is the way it goes. "Them as has, gits."

Why should the government aid ships when it does not aid railways; when, in fact, it hampers them?

Mr. Root declines to be a candidate for Vice President. Now Mr. Hanna will have to select some one else.

And still the administration slowly develops its plan to turn over the finances of the government to a banking syndicate.

It is rather a new thing to hear of "gallant British defenses." The old stories used to deal with gallant British attacks.

The Queen of Holland has invited Dr. Leyds to court and treated him to a hot bird and a cold bottle. England is accordingly angry.

The passage of the currency bill will cost the republicans seats in the Senate from Montana, Nebraska, Idaho, Wyoming and Colorado.

There is something very suspicious in the visits of Kentucky republicans to Washington and those of government officials to Kentucky at this time.

The marked partisanship of our "noble" executive has brought down upon us the weight of Boer hostility. This may mean something in a trade sense in the future.

Mr. Quay claims southern support in return for alleged aid in defeating the "force" bill in 1892, but the record shows that he voted against the abandonment of that iniquitous measure.

The world is beginning to question whether England has not sized ships belonging to friendly powers as a warning to unfriendly ones to keep away from South Africa. If so, it is rather hard on her friends.

When trusts helped to elect McKinley in 1896 they did so with the assurance that the Republican party would not destroy them. Otherwise they must have been fools, and no one accuses them of that.

General Otis has at last discovered that corruption exists in Manila. He could have learned it long ago if he had talked with the representative newspaper men there.

It is a curious fact that Republican journals nowadays boast that the Dingley tariff keeps out foreign goods and then claim that the customs receipts have been increased.

The Treasury will allay the anger against the favoritism shown to the "Standard Oil" National bank by depositing \$30,000,000 with other banks. The people will furnish the money.

Admiral Schley is several thousand miles distant from the spot where Britain is violating our neutrality and the administration will take good care to keep him where he is.

In the opinion of Attorney General Griggs, the anti-trust law never applies to any particular case that may be submitted to him for action.

The Chicago river is said to have become much purer since the canal was opened. After awhile the people there can eat Chicago water without cooking it first.

In spite of all the talk about southern lynchings, the statistics show that there were fewer in the entire country in 1899 than in any year since 1885.

Now it is said that Mr. Quay has been caught in the petty larceny of sending personal telegrams as official business charged to the government.

ILLICIT STILL.

Deputy Collectors Castle and Atkeson Make an Important Capture.

United States Deputy Collectors G. W. Castle and H. W. Atkeson, of the Eighth District, captured an illicit distilling outfit in the cellar of John Shepherd's dwelling, two miles west of Campton, on the 9th inst. This is one of the most complete and most valuable outfits ever captured in this section. The distillery was so arranged that the smoke from the furnace was carried up the kitchen chimney, the water was supplied from the well through an underground pipe, and the slop was carried through a culvert to the branch about 10 yards from the house.

This is the tenth still destroyed by the two officials within the past month. They stumbled upon the Shepherd outfit by accident. They stopped at Shepherd's house for a drink of water, and noticing on a bed some grains of malt, lifting the cover they saw a quantity of malt, and asking what it was were told it was a lot of dampened corn that had been laid out to dry. Going out of the house the officials noticed a ditch leading to the house, and asking what that meant they were told it was a ditch to drain the water from the house. Becoming more suspicious of illicit game they descended to the cellar, and the result was the capture of a full distilling apparatus.

The formal announcement of A. Howard Stamper, of Wolfe Co., appears in this issue. We have known Mr. Stamper for several years, and without disparagement to other able and worthy Democrats of the district who may seek the honor of bearing the party's standard in the next congressional contest, we can say without hesitation that Mr. Stamper is the peer of any in personal merit and ability. Wolfe county has never had a candidate who has not yielded to others for the sake of harmony and the success of the party, and it would seem that now they are entitled to favorable consideration. From what we have learned of Mr. Stamper's early life, it has been one of unremitting toil in the face of discouragements that would have overwhelmed a less dauntless heart. Step by step he has hewn his way until at the age of mature manhood, nerved and strengthened by unceasing effort, he stands without a stain on his escutcheon. It is of such men that statesmen are made.—Powell County News.

Sad Coincidence.

"Uncle" Elisha Chambers and his son, Squire Newton Chambers, of Stillwater, arrived from Torrent with the remains of their son and brother, Jeff Chambers, who died in the Indian Territory December 16. He was buried temporarily in the Territory while the widow and children returned here to arrange for the final interment. Just one year ago the deceased came here on a funeral errand, bringing the bodies of his wife and two children who had died in the Indian Territory. He remained a few weeks and on returning to his western home took with him Miss Swango, sister of his deceased wife, as his bride. Now she has brought his body back from the Territory for burial at his old home, and with his surviving children will remain here.

The store of Wm. Clark & Son, near Hazel Green, was closed on attachment recently, and subsequently many of the goods were claimed by the creditors who got an order of delivery and took back the goods. But there remains a large quantity of the goods in the hands of Deputy Sheriff Pieratt, who holds them subject to orders from Henry S. Wood, receiver for the United States court. There is quite a list of creditors, and the aggregate amount of the debt foots up something like \$6,000 or \$7,000. The Clarks, we understand, will bring suit for damages.

TO SIMPER BEX OF CAMPTON.

Dear sir, again I greet you
In these my simple rhymes,
On my arrival back to town
From other far off climes.

Four weeks I've spent at Caney
My daily task to ply,
For where there's work, I'm bound to be
And busy as a fly.

Then I came o'er to Grassy Creek,
And worked three weeks or more,
Then tumbled back to Hazel Green,
All o'er with mud galore.

And there remained till Monday
Within the dear old place,
Then pulled my freight for Caney, where
There's a woman in the case.

But enough of this, I'll write no more,
And from the east to west,
"Just tell them that you've heard from me
And they will know the rest."

SAM WILSON.

W. T. Swango has his farm advertised for sale in this issue of our paper, and the man who gets it will buy one of the most desirable places in Eastern Kentucky. It is located right at Hazel Green, the finest town in Eastern Kentucky, with the best schools, churches, etc. The land is rich, most of it being bottom land, and on the whole the place is one of the most desirable in Kentucky. It must be seen to be appreciated and those who contemplate purchasing, should call and look it over. The more he looks the more he will like it.

The meeting at the Methodist church continues with unabated interest, and is one of the most interesting religious revivals ever held in Hazel Green. Rev. Mr. Pike, the pastor, is assisted by "Uncle Tom," an Irish eccentric, and two others by the name of Johnson. "Old time religion" and sanctification are characteristics of the meeting, and on nearly every occasion the happiness of some soul is made manifest by shouting. It is needless to say that with each meeting the house is packed to its capacity, and as long as the same interest manifests itself the meeting will be continued.

On Sunday last a son of Green Taulbee's, who lives on Sebe Walter's farm, fell or was thrown from a mule and had his left cheek split open by the fall. Dr. Silas Kash was called to dress the wound and says the cut extended from the left eye down to and through the lip. It took 8 or 10 stitches to close the wound.

If your horse or mule has a lump, bunch, bone spavine, curb, splint or any like ailment, go to John M. Rose and get a bottle of Quinn's Ointment, which will remove the obstacle. tf

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Rtg. hamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Having a Great Run on Chamberlain's Cough Remedy.

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind, and it gives great satisfaction. In these days of a gripe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief within a very short time. The sales are growing, and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by J. T. Day, Druggist.

Uncle Bob Nickel, of the Nickel fork of Grassy, last week sold to Jeff Cooper, of Magellan county, a mare mule colt for \$75 cash in hand, and Mr. Cooper paid him \$150 to deliver it to him in Magellan county. The colt is by W. T. Swango's Jack and was foaled last May. It is one of the finest specimens of the mule family ever seen in this neck of woods and we doubt very much if the blue grass country can produce an equal to it—certainly not a superior.

The Eagle, King of All Birds, is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Salve for weak eyes, styes, sore eyes of any kind or granulated lids. Sold by all dealers at 25c.

John M. Rose returned from Mt. Sterling Tuesday, and says the market was about the same as last month. Fat stock sold a little better perhaps, but there was no change in stock cattle. The horse and mule market, however, was better, and a good deal of trading was done in that class. Stock hogs were rather a glut on the market and those disposed of went at discount prices.

Weak Eyes Are Made Strong, and vision made clear, styes removed and granulated lids or sore eyes of any kind speedily and effectually cured by the use of Sutherland's Eagle Eye Salve. It's put up in tubes, and sold on a guarantee by all good druggists.

KNOWS EVERY BODY IN TOWN.

Former Lightning Calculator of the Treasury Can Tell the Ownership of Washington Curs.

The man who knows everybody, and the way to every place in the town where he lives, is quite common. But there is a man in Washington who was "born and raised here," as the native Washingtonian speaks it, who knows everybody's dog, and the dog's name. He will stand on a corner and point them out as they travel hither and yon. He was in front of Willard's the other day when a cur of low degree poked his nose around the corner, says the New York Sun.

"That's Berish Wilkins' dog," he said to his acquaintance who also prides himself upon knowing a good deal about everything in Washington.

"It looks more like Jim Riley's dog," said the acquaintance.

"Jim Riley's dog don't wear any collar," replied the authority.

"Cause that dog wears a collar it's no sign he's Berish Wilkins' dog."

"No, that's so. But Berish's dog has got a goitre in his neck, and is a little off in one eye."

The authority whistled to the cur, and when he came up familiarly, the authority showed his friend the marks of Mr. Wilkins' dog. This led to a bet that the authority could name the owner of every dog that passed the corner, and in 30 minutes he called the ownership of fourteen, and offered as testimony of his claim to follow the dogs home. It may have been a bluff, but people who know say it wasn't. Not only does he declare that he knows these things, but he offers to wager that he can tell the ownership of the dogs by their bark.

This man was at one time known as the lightning calculator of the treasury department, and now sells dogs for a livelihood.

It has been demonstrated repeatedly in every state in the Union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by J. T. Day, Druggist.

To Whom It May Concern:

Notice is hereby given that on November 18, 1899, at residence of James Hobbs, near Fincastle, Ky., I seized 46 gallons of apple brandy, one still and copper, for violation of Section 2236, 3257 and 3456 R. S. U. S.

Any person or persons claiming said property may appear within 30 days from date hereof, and execute bond in the penal sum of \$250.00, otherwise the property will be sold as the law directs. This December 13th, 1899.

The New York World,

Thrice-a-Week Edition.

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the Presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in dollar a year journalism.

It is issued every other day, and is to all purpose a daily.

Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week.

The price is only \$1.00 per year.

It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns.

These are only some of the reasons; there are others. Read it and see them all.

We offer this unequalled newspaper and THE HAZEL GREEN HERALD together one year for \$1.50.

The regular subscription price of the two papers is \$2.00.

A GOOD LETTER

From One of Wolfe County's Boys of the Philippine Islands.

SAN LUIS, P. I., Nov. 26, 1899.
EDITOR HERALD,
Hazel Green, Ky.

SIR:—I will now give you the record of events, engagements, number of men killed and wounded, discharged, list of officers of my regiment, thus far in the Philippine insurrection: 99 of Co. D, 22nd infantry left Fort Crook, Nebraska, January 27, 1899, sailed from San Francisco, Cal., February 1st, arrived at Honolulu on the 9th, sailed from there on the 13th, arrived at Manila, P. I., March 4th. Total distance traveled by rail, 2,080 miles; total distance I traveled by sea, 6,025 knots. Made an advance on Pasig, P. I., engagements on Pasig road, March 13, 1899, Pateros, March 13; near Laguna De Bay, March 18; skirmish opposite Tanig, March 19; advance on Malolos, engagement at Calloocan, March 25; charge and attack on Malinta Hill, March 26; advance on North Line; engagements at Novaliches, April 22, and at Bustos, May 2; attack on San Luis, August 12 and September 18. Col. Harry C. Egbert, brigadier general U. S. V., killed March 26th at Malinta Hill; private Wesley J. Hensley, killed March 18th at Pasig, P. I., private Ira W. Cox, killed August 12th at San Luis. Total killed up to date, 3; wounded 9, discharged 5.

Officers—Captain B. C. Lockwood, promoted Major 21st Infantry; Captain, G. J. Godfrey; 1st Lieut. Isaac Newell, 2nd Lieut. H. R. Campbell, promoted 1st Lieut. 8th Infantry; Col. J. M. French, Lieut. Col. H. H. Munphy.

Guns, etc.—Krag Jor Genson, magazine rifle, caliber 30. Data, caliber three-tenths of an inch, bayonet, length about 11 1/4 inches, length of rifle 49 in., length of rifle and bayonet 61 in., groves No. 4, lands No. 4. Twist, one turn in 10 inches; groves, depths four thousandths of an inch. Weight of bayonet 1 pound, rifle without bayonet 9 1/2 pounds, trigger pull 4 1/2 to 6 pounds, extreme range 4,000 yards, dangerous space, infantry, 547 yards; initial velocity, 2,000 ft. per second; weight of bullet 220 grains, powder 35 grains, 100 cartridges 61-5 pounds; kind of powder, smokeless; bullet made of 12 1/2 parts lead and part tin; jacket made of cupro nickel steel, shell made of brass.

The Philippine Islands is the richest territory in all Asia, what they need is development, and the era of development is near. They produce the greatest variety of staples of any other country in the Orient, and I predict a gigantic trade in coffee, spices, tobacco, hemp, sugar, rice, copper and valuable woods. Then there is to be considered the vast amount of American products that will find a market in the Philippines. A few of them are machinery, locomotives, cotton goods, electric supplies, boots and shoes, flour and bread stuffs; and manufactured articles almost without number. There are 27 Kentucky boys in my company. I hear from Joe Cox, Ned Frisby, C. B. Lykins and others frequently. They are all well. I am proud that I joined the regulars, have never been sick since I enlisted. The war will soon be

over. I suppose the sun still shines in my old Kentucky home.

Respectfully,
GEO. L. ATHY,
Co. D, 22nd U. S. Infantry.

Judge Ed. C. O'Rear.

Judge Ed. C. O'Rear, who on January 1st retired from the office of County Judge of Montgomery county. Judge O'Rear was the first and only Republican ever elected to this office in this county, and because of this fact, and the manner in which he discharged the duties of the office, The Gazette takes occasion to publish the following facts:

Ed. C. O'Rear was born about 35 years ago near Camargo, in this county, of poor but highly respected parents. He attended the county school until his family moved to town, when it became necessary for him, even though just a boy, to go to work to aid his widowed mother in securing maintenance and to procure school advantages for his sisters. He first sold papers on the streets of this city, and later sold papers on the train between here and Lexington. When still quite young he entered the old Sentinel office, and was there a fellow worker of the Editor of this paper. He went from the Sentinel office to work on the Mountain Scorch, edited and published by the late Col. John T. Hazelrigg, at West Liberty. While there he read law during his leisure hours and at the age of 19 years was by special act of the Legislature admitted to the bar. In 1882 he married Virginia Lee, daughter of Col. Hazelrigg, and now has six bright, happy, healthy children.

In 1886 he moved to this city, where his rise has been rapid, but of a sure and substantial growth. He has the largest practice of any lawyer in Eastern Kentucky and is in close touch and sympathy with the people of this section, by whom he is most highly esteemed. His devotion to his wife, children, mother and sisters is beautiful, and he is intensely loyal to his friends under any and all circumstances. He has an elegant home in this city, where he dispenses lavish hospitality. He is a fine lawyer, an eloquent speaker, a successful business man and an enterprising public spirited citizen. As an illustration of his force and sagacity we will relate one incident. In 1893 when the panic was at its height, and strong institutions were every day going to the wall for lack of a strong, vigorous, hopeful management, the Traders Deposit Bank, of this city, of which he was Vice President, closed its doors. Judge O'Rear was away at the time, but he at once hurried home and as a result of his courage, nerve and judgment its doors were soon opened and this strong and helpful institution was saved to us. In 1894 he was prevailed upon by his friends to accept the Republican nomination for County Judge, which he reluctantly did, and after a hard fight, with 250 majority against him to start on, defeated one of the best and most popular Democrats in the county. On the bench he was just, fair and dignified, and during his administration the business affairs were transacted in a masterly manner, saving much to the taxpayers of the county. He dealt with the turnpike question

in a manner that saved us not only destruction of property, but won for us the applause and esteem of our neighbors, who were less fortunate in respect to county judges. During his administration the debt of the county was greatly reduced and at the same time the county levy was materially lessened. He was urged by many of our people, regardless of party affiliation to become a candidate for reelection, but this was a greater sacrifice than the people really had a right to require of him. He has entered upon what promises to be a long career of great and broad usefulness and we are greatly mistaken if in the near future he is not called to a higher sphere of service than he has yet filled.—Mt. Sterling Gazette.

Killing at Frankfort.

Col. David G. Colson, of Middlesboro, shot and killed Lieut. Ethelbert D. Scott, of Somerset, and Luther Demaree, of Shelbyville, in the Capital Hotel at half past twelve Tuesday. Harry McEwen, of Louisville, and Charles Julin, of Frankfort, were badly wounded by stray shots. Scott, who was under the influence of liquor, began to upbraid Colson and the two men clinched. Bystanders rushed in to separate them, when Colson drew a revolver and began to fire. Colson was wounded in the arm. The killing was the result of a renewal of a feud between them while in the army last year.

+ANNOUNCEMENTS.+

State and district announcements, \$10.00 each; county announcements, \$5.00. No announcement made until the fee is paid.

For Judge Court of Appeals.

To the Republicans of the Seventh Appellate District of Kentucky: I am a candidate for Judge of the Court of Appeals from this District, subject to your action. Election November, 1900. Respectfully,
ED. C. O'REAR.

For Congress—Tenth District.

STAMPER—We are authorized to announce A. HOWARD STAMPER, of Campton, Wolfe county, as a candidate for Congress, subject to the action of the Democratic party.

For County Judge.

CONGLETON—We are authorized to announce J. W. CONGLETON as a candidate for the office of County Judge of Wolfe county, subject to the action of the Democratic party.

COMBS—We are authorized to announce A. T. COMBS as a candidate for the office of County Judge of Wolfe county, subject to the action of the Democratic party.

For Sheriff.

LINDEN—We are authorized to announce DAVID LINDEN as a candidate for the office of Sheriff of Wolfe county, subject to the action of the Democratic party.

For County Attorney.

FULKS—We are authorized to announce C. C. FULKS as a candidate for County Attorney of Wolfe county, subject to the action of the Democratic party.

Our young friend C. C. Fulks is a candidate for county attorney of Wolfe county, subject to the action of the Democratic party, and no young man in the county, or old one for that matter, embodies to such a high degree the requisite essentials or emblazons a brighter escutcheon than he. He is about 24 years of age. He began teaching school at the age of 15, and taught seven terms, meanwhile studying law, which idea he embraced at the age of 20. So diligent was he in the pursuit of legal lore and so proficient had he become in mastering its principles that at the age of 23 he was admitted to the bar and began its practice. He bought his education with the sweat of his brow, maintaining himself by working nights and mornings while attending school. At the age of 20 he was married to Miss Lillie Tutt, daughter of Judge S. M. Tutt. Mr. Fulks has always been a loyal Democrat and in every fight made by the party he has been found in the front ranks battling for the success of its banner. He is a fluent speaker and versatile writer, and with both voice and pen he has perhaps done more than any young man of his age in the county for the success of the Democratic party. He is a total abstainer from the use of intoxicants, which is a desideratum devoutly to be wished in all officials. He is a friend to education, good morals and society, and never betrayed a friend or cringed before a foe. Such is a pen picture of C. C. Fulks, and the picture is not overdrawn. He asks for the nomination for this office and comes before you without a spot upon his political or private record, and we believe the Democratic party would honor itself by honoring him with the nomination. In the belief that his claims will have due consideration by Democratic constituents, we commit him to their keeping, and anon will have more to say.

The principal subject of interest to Republicans now-a-days is the identity of Gage's successor.

JUDGE ED. C. O'REAR is announced in this issue of our paper as a candidate for the nomination for Judge of the Court of Appeals, subject to the action of the Republican party. In this connection we reproduce an article from the Mt. Sterling Gazette, in the which is a biographical sketch of this popular young Republican leader, and we commend it to the careful consideration of our readers, be they Republican or Democrat.

INCIDENTALLY we hear that John D. Rose, Jr., will probably be a candidate for county judge. With his experience as magistrate he is or ought to be well equipped for the office of county judge, and if he enters the lists for the nomination he will doubtless command a considerable contingency. Should he conclude to do so, however, he will announce through THE HERALD, and then we will have more to say.

THE Wanamaker machine in Philadelphia has been beaten at the polls by the Quay machine. This really makes little difference to the country at large. Both machines are much of a muchness.

THE Kentucky legislature has elected "Joe" Blackburn to the United States senate to succeed Hon. Wm. Lindsay.

EDITORIAL BRIEFS.

The nineteenth century bids fair to be "ciphered out."

How much longer will the administration stand behind Mr. Gage?

Senator Beveridge's speech was eloquent, but after all it was a mere highwayman's plea.

The bubonic plague has broken out in Hawaii and Luzon. That is the way it goes. "Them as has, gits."

Why should the government aid ships when it does not aid railways; when, in fact, it hampers them?

Mr. Root declines to be a candidate for Vice President. Now Mr. Hanna will have to select some one else.

And still the administration slowly develops its plan to turn over the finances of the government to a banking syndicate.

It is rather a new thing to hear of "gallant British defenses." The old stories used to deal with gallant British attacks.

The Queen of Holland has invited Dr. Leyds to court and treated him to a hot bird and a cold bottle. England is accordingly angry.

The passage of the currency bill will cost the republicans seats in the Senate from Montana, Nebraska, Idaho, Wyoming and Colorado.

There is something very suspicious in the visits of Kentucky republicans to Washington and those of government officials to Kentucky at this time.

The marked partisanship of our "noble" executive has brought down upon us the weight of Boer hostility. This may mean something in a trade sense in the future.

Mr. Quay claims southern support in return for alleged aid in defeating the "force" bill in 1892, but the record shows that he voted against the abandonment of that iniquitous measure.

The world is beginning to question whether England has not seized ships belonging to friendly powers as a warning to unfriendly ones to keep away from South Africa. If so, it is rather hard on her friends.

When trusts helped to elect McKinley in 1896 they did so with the assurance that the Republican party would not destroy them. Otherwise they must have been fools, and no one accuses them of that.

General Otis has at last discovered that corruption exists in Manila. He could have learned it long ago if he had talked with the representative newspaper men there.

It is a curious fact that Republican journals nowadays boast that the Dingley tariff keeps out foreign goods and then claim that the customs receipts have been increased.

The Treasury will allay the anger against the favoritism shown to the "Standard Oil" National bank by depositing \$30,000,000 with other banks. The people will furnish the money.

Admiral Schley is several thousand miles distant from the spot where Britain is violating our neutrality and the administration will take good care to keep him where he is.

In the opinion of Attorney General Griggs, the anti-trust law never applies to any particular case that may be submitted to him for action.

The Chicago river is said to have become much purer since the canal was opened. After awhile the people there can eat Chicago water without cooking it first.

In spite of all the talk about southern lynchings, the statistics show that there were fewer in the entire country in 1899 than in any year since 1885.

Now it is said that Mr. Quay has been caught in the petty larceny of sending personal telegrams as official business charged to the government.

ILLICIT STILL.

Deputy Collectors Castle and Atkeson Make an Important Capture.

United States Deputy Collectors G. W. Castle and H. W. Atkeson, of the Eighth District, captured an illicit distilling outfit in the cellar of John Shepherd's dwelling, two miles west of Campton, on the 9th inst. This is one of the most complete and most valuable outfits ever captured in this section. The distillery was so arranged that the smoke from the furnace was carried up the kitchen chimney, the water was supplied from the well through an underground pipe, and the slop was carried through a culvert to the branch about 10 yards from the house.

This is the tenth still destroyed by the two officials within the past month. They stumbled upon the Shepherd outfit by accident. They stopped at Shepherd's house for a drink of water, and noticing on a bed some grains of malt, lifting the cover they saw a quantity of malt, and asking what it was were told it was a lot of dampened corn that had been laid out to dry. Going out of the house the officials noticed a ditch leading to the house, and asking what that meant they were told it was a ditch to drain the water from the house. Becoming more suspicious of illicit game they descended to the cellar, and the result was the capture of a full distilling apparatus.

The formal announcement of A. Howard Stamper, of Wolfe Co., appears in this issue. We have known Mr. Stamper for several years, and without disparagement to other able and worthy Democrats of the district who may seek the honor of bearing the party's standard in the next congressional contest, we can say without hesitation that Mr. Stamper is the peer of any in personal merit and ability. Wolfe county has never had a candidate who has not yielded to others for the sake of harmony and the success of the party, and it would seem that now they are entitled to favorable consideration. From what we have learned of Mr. Stamper's early life, it has been one of unremitting toil in the face of discouragements that would have overwhelmed a less dauntless heart. Step by step he has hewn his way until at the age of mature manhood, nerved and strengthened by unceasing effort, he stands without a stain on his escutcheon. It is of such men that statesmen are made.—Powell County News.

Sad Coincidence.

"Uncle" Elisha Chambers and his son, Squire Newton Chambers, of Stillwater, arrived from Torrent with the remains of their son and brother, Jeff Chambers, who died in the Indian Territory December 16. He was buried temporarily in the Territory while the widow and children returned here to arrange for the final interment. Just one year ago the deceased came here on a funeral errand, bringing the bodies of his wife and two children who had died in the Indian Territory. He remained a few weeks and on returning to his western home took with him Miss Swango, sister of his deceased wife, as his bride. Now she has brought his body back from the Territory for burial at his old home, and with his surviving children will remain here.

The store of Wm. Clark & Son, near Hazel Green, was closed on attachment recently, and subsequently many of the goods were claimed by the creditors who got an order of delivery and took back the goods. But there remains a large quantity of the goods in the hands of Deputy Sheriff Pieratt, who holds them subject to orders from Henry S. Wood, receiver for the United States court. There is quite a list of creditors, and the aggregate amount of the debt foots up something like \$6,000 or \$7,000. The Clarks, we understand, will bring suit for damages.

TO SIMPER BEX OF CAMPTON.

Dear sir, again I greet you
In these my simple rhymes,
On my arrival back to town
From other far off climes.

Four weeks I've spent at Caney
My daily task to ply,
For where there's work, I'm bound to be
And busy as a fly.

Then I came o'er to Grassy Creek,
And worked three weeks or more,
Then tumbled back to Hazel Green,
All o'er with mud galore.

And there remained till Monday
Within the dear old place,
Then pulled my freight for Caney, where
There's a woman in the case.

But enough of this, I'll write no more,
And from the east to west,
"Just tell them that you've heard from me
And they will know the rest."

SAM WILSON.

W. T. Swango has his farm advertised for sale in this issue of our paper, and the man who gets it will buy one of the most desirable places in Eastern Kentucky. It is located right at Hazel Green, the finest town in Eastern Kentucky, with the best schools, churches, etc. The land is rich, most of it being bottom land, and on the whole the place is one of the most desirable in Kentucky. It must be seen to be appreciated and those who contemplate purchasing, should call and look it over. The more he looks the more he will like it.

The meeting at the Methodist church continues with unabated interest, and is one of the most interesting religious revivals ever held in Hazel Green. Rev. Mr. Pike, the pastor, is assisted by "Uncle Tom," an Irish eccentric, and two others by the name of Johnson. "Old time religion" and sanctification are characteristics of the meeting, and on nearly every occasion the happiness of some soul is made manifest by shouting. It is needless to say that with each meeting the house is packed to its capacity, and as long as the same interest manifests itself the meeting will be continued.

On Sunday last a son of Green Taulbee's, who lives on Sebe Walter's farm, fell or was thrown from a mule and had his left cheek split open by the fall. Dr. Silas Kash was called to dress the wound and says the cut extended from the left eye down to and through the lip. It took 8 or 10 stitches to close the wound.

If your horse or mule has a lump, bunch, bone spavine, curb, splint or any like ailment, go to John M. Rose and get a bottle of Quinn's Ointment, which will remove the obstacle. tf

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Rivington, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Having a Great Run on Chamberlain's Cough Remedy.

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind, and it gives great satisfaction. In these days of a gripe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief within a very short time. The sales are growing, and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by J. T. Day, Druggist.

Uncle Bob Nickel, of the Nickel fork of Grassy, last week sold to Jeff Cooper, of Magellan county, a mare mule colt for \$75 cash in hand, and Mr. Cooper paid him \$150 to deliver it to him in Magellan county. The colt is by W. T. Swango's Jack and was foaled last May. It is one of the finest specimens of the mule family ever seen in this neck of woods and we doubt very much if the blue grass country can produce an equal to it—certainly not a superior.

The Eagle, King of All Birds, is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Salve for weak eyes, styes, sore eyes of any kind or granulated lids. Sold by all dealers at 25c.

John M. Rose returned from Mt. Sterling Tuesday, and says the market was about the same as last month. Fat stock sold a little better perhaps, but there was no change in stock cattle. The horse and mule market, however, was better, and a good deal of trading was done in that class. Stock hogs were rather a glut on the market and those disposed of went at discount prices.

Weak Eyes Are Made Strong, dim vision made clear, styes removed and granulated lids or sore eyes of any kind speedily and effectually cured by the use of Sutherland's Eagle Eye Salve. It's put up in tubes, and sold on a guarantee by all good druggists.

KNOWS EVERY BODY IN TOWN.

Former Lightning Calculator of the Treasury Can Tell the Ownership of Washington Curs.

The man who knows everybody, and the way to every place in the town where he lives, is quite common. But there is a man in Washington who was "born and raised here," as the native Washingtonian speaks it, who knows everybody's dog, and the dog's name. He will stand on a corner and point them out as they travel hither and yon. He was in front of Willard's the other day when a cur of low degree poked his nose around the corner, says the New York Sun.

"That's Berish Wilkins' dog," he said to his acquaintance who also prides himself upon knowing a good deal about everything in Washington.

"It looks more like Jim Riley's dog," said the acquaintance.

"Jim Riley's dog don't wear any collar," replied the authority.

"Cause that dog wears a collar it's no sign he's Berish Wilkins' dog."

"No, that's so. But Beriah's dog has got a goitre in his neck, and is a little off in one eye."

The authority whistled to the cur, and when he came up familiarly, the authority showed his friend the marks of Mr. Wilkins' dog. This led to a bet that the authority could name the owner of every dog that passed the corner, and in 30 minutes he called the ownership of fourteen, and offered as testimony of his claim to follow the dogs home. It may have been a bluff, but people who know say it wasn't. Not only does he declare that he knows these things, but he offers to wager that he can tell the ownership of the dogs by their bark.

This man was at one time known as the lightning calculator of the treasury department, and now sells dogs for a livelihood.

It has been demonstrated repeatedly in every state in the Union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by J. T. Day, Druggist.

To Whom It May Concern:

Notice is hereby given that on November 18, 1899, at residence of James Hobbs, near Fincastle, Ky., I seized 46 gallons of apple brandy, one still and copper, for violation of Section 2236, 3257 and 3456 R. S. U. S.

Any person or persons claiming said property may appear within 30 days from date hereof, and execute bond in the penal sum of \$250.00, otherwise the property will be sold as the law directs. This December 13th, 1899.

The New York World, Thrice-a-Week Edition.

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the Presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in dollar a year journalism.

It is issued every other day, and is to all purpose a daily.

Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week.

The price is only \$1.00 per year.

It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns.

These are only some of the reasons; there are others. Read it and see them all.

We offer this unequalled newspaper and THE HAZEL GREEN HERALD together one year for \$1.50.

The regular subscription price of the two papers is \$2.00.
